Complaints Comments and Compliments Policy Statement

Depaul UK is committed to ensuring both that accessible customer feedback mechanisms are in place and are promoted in order to bring about genuine improvement for customers. Our Complaints, Comments and Compliments Policy and Procedures are an essential part of putting this commitment into practice.

Customers are defined as those in receipt of a service from or who are donors and supporters of Depaul UK.

For the purpose of this Policy and Procedures, Complaints, Comments and Compliments are defined as follows:

- A **complaint is an expression of dissatisfaction**, however made, about the standard of service, actions or lack of action by the organisation, its own staff, or those acting on its behalf, affecting an individual resident or group of residents, members of the public or any customer of Depaul UK.
-
- A **comment is a suggestion, idea or observation** about our services. Comments help us to be innovative and creative about the way in which we deliver our services to customers.
-
- A **compliment is positive feedback** from a customer regarding an area of our service or how we deliver our services. Compliments let us know we are getting it right.

Depaul UK will publish Complaints, Comments and Compliments information on how to make a complaint in leaflets, newsletters, online and as part of regular correspondence with customers, as well as upon request in a format that is accessible to the user. Our Complaints, Comments and Compliments processes are available to any prospective, current or ex-customer.

We will include Complaints, Comments and Compliments handling as part of our staff induction and core training programme, as well as providing tools for staff to help them handle and recognise complaints early.

This Policy and Procedures ensures a quality approach; helping us gain further customer insight which we will monitor and use to improve services and service delivery across the organisation, so that all of our customers benefit.

The underlying basis of this Policy Statement is Depaul UK's commitment to equalities, fair access and inclusion. We recognise and value all customer feedback.

Our Approach to Complaints, Comments and Compliments

- We have adopted the Housing Ombudsman's Principles for Dispute Resolution as a good practice guide in handling Complaints. Where applicable, these Principles may also be used for handling Comments and Compliments. The Housing Ombudsman identified three principles behind effective dispute resolution:

- **Being fair – treating people fairly and following fair processes through:**
 - providing a constructive approach which applies consistent principles to all complaints received, whilst ensuring each complaint is considered on its own facts; and
 - treating each complaint justly and without favour or discrimination.
- **Putting things right**
Our commitment is to being open to learning from our mistakes and putting the problem right for our customers and as soon as possible.
- **Learning from outcomes**
We will demonstrate our willingness to learn from the issues raised and/or identify where our services may have failed. We will provide feedback to relevant parties including the complainant on lessons learnt and actions taken to improve service delivery.
